Are you ready to explore the infinite possibilities of the Spirit World and discover your own unique potential in several aspects of mediumship? We are all on an eternal journey and you can always open up to more of who you are. If we recognize and acknowledge that amazing soul that we truly are, we can celebrate our mediumship that is part of our life's journey.

Many people in this world are searching for a greater understanding of mediumship and the reality of life after life, not only to find answers but also to build that relationship with the Spirit World and their own Spirit. In this course you will have the opportunity to discover and strengthen your relationship with the Spirit World, building your confidence and learning how to enhance your power.

Are you ready to explore your mediumistic ability within your field of interest? Do you wish to embrace in life that spiritual, intuitive aspects of who you are? Are you a seeker of spiritual truth? Then this is a week for you! The main focus this week will be on psychic and mediumistic work, trance, healing and psychic/spirit art.

This week will be under guidance of Nicole de Haas, Philip Dykes and Lynn Cottrell. They all have a wealth of experience in their field of mediumship and as tutors at the Arthur Findlay College and other places around the world. They all are looking forward to welcome you in Holland for this wonderful experience! The program is a variety of lectures, tutorials, demonstrations of (trance) mediumship, Spirit Art and meditations in the beautiful chapel in De Zwanenhof.

In addition there will be work in smaller teaching groups with a lot of personal attention. Also it is possible to book a sitting with one of the teachers (not included).

The whole week **will be in English** and will be a whole week from Saturday to Saturday (7 nights)! During the week you also have the opportunity to explore the beautiful surroundings (option) of the Zwanenhof area and two excursions will be arranged to enjoy this area of Holland!

Nicole would like to invite you to Holland for this wonderful week to celebrate the magic of working with each other and the Spirit World! Our aim is to provide a week full of joy, knowledge and development. A week that will bring new friendships with each other and the World of Spirit.
